PROFESSIONAL SUMMARY

Entry-level Data Analyst with 2+ years of part-time internship experience in Python, SQL, Power BI, and Tableau. Proven hands-on skills in data wrangling, exploratory data analysis (EDA), ETL pipelines, and dashboard development. B.Sc . Computer Science graduate seeking a full-time Data Analyst or BI Analyst role.

INTERNSHIP EXPERIENCE

Data Analyst Intern, Anjana Infotech - Rajapalayam

- Analysed 10+ business datasets using Python (Pandas, NumPy) and SQL (MySQL, PostgreSQL), improving reporting efficiency by 35% and reducing analysis time by 40%.
- Built 5+ interactive Power BI and Tableau dashboards with DAX formulas, dynamic slicers, and drill-down features for real-time KPI monitoring.

06/2023 – Present

On-site

EDUCATION

B.Sc. Computer Science, Ayya Nadar Janaki Ammal College, Sivakasi

06/2026

Sivakasi, India

SKILLS

- Languages:** Python, SQL
- Databases:** MySQL, PostgreSQL, MongoDB
- BI & Visualization:** Power BI, Tableau, Advanced Excel, Matplotlib, Seaborn
- Tools:** Git, GitHub, Jupyter Notebook, Google Colab, VS Code, Google Analytics, MS Office, SQL Workbench

CERTIFICATIONS & ACHIEVEMENTS

Winner – Inter-College Debugging Code Competition, Inter-College

01/12/2024

- 1st place among 50+ competitors.

KEY PROJECTS

Real-Time KPI Performance Dashboard, Tech: Power BI, DAX, Excel, SQL

Sports Analytics – IPL & Cricket Data Analysis, Tech: Python (Pandas, NumPy, Matplotlib, Seaborn), Jupyter Notebook

Sales Performance & Revenue Forecasting Dashboard, Tech: Power BI, Advanced Excel, SQL (ETL, Multi-table Joins)

Student Mark Management & Analytics System, Tech: Python (Pandas, NumPy), MySQL, Data Modeling
